Fern R. Rogers

March 18, 1929 – July 22, 2014

Fern R. Rogers, passed away suddenly at her home in Kansas City, MO after experiencing a massive stroke. Competing in the Kerry Blue Terrier Ring using the Fellbrin Kennel Name, Fern personally watched or handled 99 of her dogs to their AKC Championship and she had plans for the 100th Champion when she co-owned Fellbrin's Beginnegan, with Bob Caspers. Fern was a friend and mentor to many of us as she spent countless hours explaining proper Kerry structure, grooming and trimming to new Kerry owners. Fern also found time to serve nationally and was a Past President of the Kerry Blue Terrier Club and the award she proudly displayed in her home was from the Kerry Blue Terrier Club recognizing Fern as the Breeder, Owner, and Handler of CH Sharronellen's Skibbereen to 19 Best In Show Wins. The scene at the Rainbow Bridge should have been quite lively when Fern reunited with her Kerries.

A memorial contribution to The Kerry Blue Terrier Foundation, P. O. Box 1495, Solvang, CA 93464 or Take The Lead, PO Box 6353, Watertown, NY 13601 would make Fern smile. God Speed Dear Fern

A few words from John

As President of the United States Kerry Blue Terrier Club, I view my year to be October to October since we have our Board meeting just before our National specialty in October. I was once again asked by the Board to accept the position of President (which I agreed) and the Board voted me into the position. This will be my fifth year as President. My first year that I was on the Board I was

Vice President with Barb Beuter as President. I am term limited off the Board this year as well as 2 other Board members. I would like to make an appeal to anyone interested in becoming a Board member to please contact me since I am chairing the nominating committee as one of the outgoing Board members. During the Montgomery weekend we received interest from a number of members that they are interested so please make yourselves available for Board membership and make a difference for our Kerry Blues.

Each month I receive from the AKC a list of the Kerries who have earned new titles. We publish these in BluePrints and at our annual meeting, I have the pleasure to deliver the Versatility awards put together by Lisa Frankland. I have been doing this for 5 years but I don't believe that I have truly appreciated what our Kerries have been doing. I looked back over the years and we really finally are making everyone notice what a Kerry can do in activity other than conformation: Novice Barn Hunt, Open Barn Hunt, Canine Good Citizen, Agility FAST Open, Master Century Jumper, Herding, Rally, Obedience and Therapy Dog to name a few. I am reaching the midpoint of my life (I believe I am going to live to at least 120) but I can't imagine what other titles I will see our breed accomplish in the next half of my life. For everyone involved in an "alternative" sport with their Kerry, congratulations and please continue to showcase what our breed can do and how we as owners can enjoy ourselves.

In this Presidents message I always try and say thank you to everyone who attended the USKBTC annual meeting and dinner. We had the best turnout since I have been President, but we can get even more people to attend. We raised money for Charitable Funds with our Chapter Club baskets and the silent auction as well as the live auction for the Futurity artwork. I brought some of my Irish music along so we could intersperse that in during the night. I hope it was a welcome change. One reason we had such a good turnout was everyone wanted to honor Carol and Larry Brown with the Lifetime achievement award. Fifty years of involvement is a great accomplishment. As moderator, I was able to end the dinner by 9:00pm so everyone could get some sleep and be at the show site the next morning.

This year we held our first Concurrent Specialty on Friday and it was a great success. Our move of the Futurity to the Montgomery site also helped our exhibitors on Sunday because they were able to set up the day before for the Futurity and leave their things overnight. We still need exhibitors at the Futurity if we are going to continue with it so sign your next generation up and come out and enjoy a more relaxed dog show atmosphere. By the way, thank you Louise Lang and George Moad for all you do the entire weekend from maple syrup on the tables during the dinner to the luncheon at the Futurity as well as walking around with apples.

Lastly, I wanted to highlight I believe a major decision the Board made at our October meeting to try and address the declining membership in the club. All breeders should be aware that the Board voted to offer a free one year affiliate membership to all new owners of a Kerry Blue terrier. This will entitle them to have their name printed in BluePrints in a new section set aside for new members. We also encourage each new member to send in pictures of their new Kerry so we can add them to BluePrints as well. The newbie will also be receiving a "puppy packet" from the club. So breeders, get to it and sign them up. We are hoping that the newbie will feel the hospitality and remain a long time member of the club.

That is it for now but keep your ears open and your Kerry nose to the ground for additional changes and opportunities to support the club and our wonderful and versatile Kerry.

To The Membership:

*The purpose of publishing the "Proposed Member" is to give the membership the opportunity to review applicants and comment, if they so desire, in support of, or opposition to, said applicants membership. Correspondence in support of and/or opposition to the membership, should be directed to the Membership Chair within 30 days after publication of said applicant. **USKBTC Membership Chair: Mary A. McGreevy, 126 Alstadt Hill Road, Harpers Ferry, WV 25425.***

Any correspondence received during that time period will be attached to the ballots which are forwarded to the Board of Governors for the voting process.

A Letter from the Editor...

It's a beautiful autumn day here, with clear blue skies and the slightest breeze ~ quite a change from the early snow and cold temperatures many experienced at the end of October. Montgomery weekend has come and gone, and the show season is winding down in many parts of the country as winter approaches. We enjoyed wonderful weather this year at Montgomery, although it was a very brisk day Sunday for the National specialty, and everyone was thankful that rain gear was not required!

*As usual, this issue of Blueprints contains the newest version of the Membership Roster. We have also included a remittance envelope complete with dues rates and donation options. PLEASE take a moment to check your listing in the roster and email us if you have changes/corrections. Also, consider making your dues payment **NOW** and update your contact information on this remittance form. Hopefully, this will make sending in dues and donations easier for everyone and will help us keep your information up-to-date.*

*You will find the standard information in these pages: New Titleholders listing, Gallery of Winners photos, and lots of show results. You will also see articles about our newest Versatility recipients, and a very good article by our own Lisa Frankland and her experiences with Kerry blue terriers. There is also an introduction to our newest life members, Larry and Carol Brown; a brief article about the Southern California chapter club's herding instinct test day; and many chapter clubs ads for upcoming specialties. These ads will be updated in the Spring issue to include judging panels as they become available, but it isn't too early to start planning ahead. Check back in the Spring issue of Blueprints for news of our 2015 Traveling Specialty! Finally, there is an ad form for Handbook ads, which may also be found on the USKBTC website **and** our Facebook page. We **NEED** your ads, so please include your kennel ad or stud dog ad, and help make this handbook a success.*

Finally, I want to urge everyone to consider volunteering with your local chapter clubs in some capacity. It takes the efforts of MANY people to put on specialty shows, and sponsor educational and social events. Without your participation, events of all kinds don't happen and clubs fade away. Don't let that happen to your club! Help make our chapter clubs strong and active by volunteering for your club's next event, and be a part of the fun.

Until next time. . .

Introducing Our Newest Life Members!

Larry & Carol Brown
Bluebeard Kerry Blue Terriers

As I was walking, I felt a tap on the shoulder, I turned around and got a huge kiss. It was February, 1961 at the Associated Terrier Clubs show in New York.... and so began a 53 year love affair with the Kerry Blue Terrier.

Being newly married and commuting from Long Island into Manhattan daily, it was not yet our time to get a dog. That summer, we rented a weekend place in New Milford, Connecticut. The Connecticut State Fair was in Danbury, just a few miles away and there, in the midst of all the booths, was a woman with a little Robin Hood type hat standing in her Kerry Blue Terrier Booth. This was Jean Underhill, and as soon as she knew we were fans of the breed, she closed the booth and took us home.

L-R: Linda Pheasant, Larry & Carol Brown, Carl Ashby

At that time she had many dogs, each running in it's own large paddock. She let us play with all of them. In 1964, when I was expecting my first child, we called Mrs. Underhill, looking for a Kerry. Although she had none available at the time, she recommended a breeder in New York, named Patrick Corless. We called Pat and got our first Kerry, Balinrobe's P. J. Gilhooley (Gilly). Our agreement was that we would try to show him and that we would also try to learn to properly groom a Kerry.

My first experience in the show ring was at the Associated Terrier Clubs 1965 show. "Gilly" was not really a show-dog. I put the lead on him, he fought and I pulled, as he slimed his way around. I tried showing him every year at that same show as well as very few others. I believe it was 1968, I dragged my dog through the ring and later, as we were watching the Best of Breed competition – there was Ch. Melbee's Chances Are, a beautiful great moving dog. After he won the breed, I went over to the handler, Ric Chashoudian and asked him "What do I have to do to make my dog look like yours?" He looked at my "Gilly" and said "Buy another Dog". That was Gilly's last show – he was fun and cute and wonderful with my two boys -- he thought he was one of them.

We decided that we needed to have a Melbee dog. By

that time, we lived in Bucks County, Pennsylvania. We contacted the Schlesingers (the breeders of Chances Are) and tried to convince them that we would provide a good home for a Melbee dog. We had to furnish references from other dog people, and luckily, George Rodda, a friend of Bee and Mel Schlesinger, knew us well and vouched for us. The dog we bought was Melbee's Mostly Malarky (aka Wally). He was a real character and our first Champion.

We bought Hitching Post Farm about 4 years later. There was a kennel on the property and many fenced in areas. We felt that it was time to establish a bloodline of our own and set out to find a bitch.

This was in 1983. We had become addicted to the Montgomery County Kennel Club show. That year, we saw, in the ring, Ray Perry of Tontine Kennels, with the prettiest little bitch we had ever seen. Her name was Tontine's Frankly Scarlett. After the judging, we approached Ray and Lou Perry and told them that we would like to buy her. Unfortunately, she belonged to someone else, but we knew we had to get a Tontine bitch.

We called the Perrys about every 3 weeks asking about any bitches available and always got a negative reply. At the beginning of January, 1984, Larry had to go to California on business. We once again called Ray and Lou and I told them that Larry wanted to see their kennel. They said they had nothing available, but he was welcome to come. He looked at all of the Tontine Keries and saw their Pick of a Litter which had been born the past May. He just fell madly in love with her and nagged so much, I think they sold her to him just to make him quiet.

They named her Tontine's Going East (Simi). She became our foundation bitch and was owner-handled to #1 Kerry in 1987, winning the first Kalkan Pedigree award in our breed. We bred her to our Wally.

THE FIRST LITTER: 6 Boys. Our children were boys and so was this litter (We call it the BROWN CURSE). The dog which we kept became Ch. Bluebeard's Country Squire (Tuffy)- the #2 Kerry in 1989, also owner handled, and the winner of the U. S. Kerry Blue Terrier Specialty at Montgomery that year.

Since that time, we have always bred for quality, not quantity. We don't breed dogs to sell them, but we also feel that the ones who are not being shown deserve to have wonderful homes. If we are not bringing them out with us, they should be in homes where they are loved, sleep on the bed, get too many cookies and generally go everywhere with their owners. To this day, we only breed when we have a bitch we are crazy about and then we find the very best dog we can to breed to her. At times, there were litters from which we kept nothing. At this time, we leased and co-owned a beautiful bitch from Omalou McBride, Ch. McBees Bound to Be (Mary Kay). We bred

Recognizing Our Trophy Donors...

The United States Kerry Blue Terrier Club would like to extend a hearty thank you to all our trophy donors for the 2014 Montgomery County Specialty weekend. Once again we had beautiful trophies and rosettes; without your support, it wouldn't have been possible. Please continue your support in 2015! Donate to the trophy fund when you renew your dues, or visit the USKBTC website and donate there! We need YOU!

Blueprints Fall/Winter 2014-2015

Herding Instinct 2014

It was a spectacular day for the Kerries and their owners participating in the Herding Instinct Test at the Winning Edge Dog Sports facility in Chino, CA on Saturday, October 25th. Even the weather gods smiled upon us, serving up a mild, cloud-covered morning--perfect for the task at hand (paw). Six Kerries were in attendance (including one Border Collie acting as cheerleader), all first-timers at herding, to test their abilities and interests in wrangling sheep.

First up: **Boo** Keene, the "Trailblazer." Boo set the bar high by showing how a real herding dog does it, using focus and determination (with a few barks and leaps thrown in for good measure).

Second in: **Rosie** Deeter, the "I may be young, but don't mess with me" girl, who let those sheep know this tough cookie is more than just a pretty face.

Third: **Traveler** Stull-Thorpe, the "I'm really a lover, not a fighter" guy who had the sheep on the run from his thinly-veiled, yet unrequited, amorous intentions.

Fourth: **Vanja** "Nureyev" Basler, whose Russian dance moves and slick athleticism wowed the crowd of on-lookers and earned the respect of the herd.

Introducing our newest life members (Continued from page 7)
her to Tuffy and got our Ch. Bluebeard's Muldoon of McBee, Ch. McBee's Lana Bluebeard and Ch. McBee's Admiral Bluebeard along with 6 other littermates. We then bred Simi to Ch. Tontine's American Hero (Ollie).

One of Simi's daughters (Betty Boop) was the typiest bitch, although on the small side (17"). We needed to get some size into our line, so I asked our friend Lou Perry, who has always given me great advice, where I could possibly go with this bitch. She recommended Ch. Tontine's Quiet Riot, a very sound dog, dripping in Kerry type and a bit on the big side. We had a litter of 4, which I kept for 6 months before I let any of them go. At that time, it was surely the prettiest litter we have had.

The star emerged – Ch. Bluebeard's One of a Kind (Moxie). He was number #1 Kerry Blue Terrier in 1999 and 2000 - owner handled - and won the Pedigree Award both of those years. He has been a dog who made us very proud. He won the U. S. Kerry Blue Terrier Club National Traveling Specialty in 2000, as well as an all-breed Best in Show – (always owner-handled).

We saw the future of this breed continuing with Moxie's littermate, Ch. Bluebeard's The It Girl (Mona), who had a litter out of Ch. Torum's Scarf Michael - the top dog all

Fifth: **Enya** Sowenski, "Miss Manners" and senior Kerry of the bunch, who calmly demonstrated to all the youngsters how herding is properly done without getting one's knickers in a wad.

Last, but not least: **Jali** Stull-Thorpe, the "Princess," who proved she'd rather get down and dirty chasing sheep than being coddled any day.

All Kerries passed this first herding test with flying colors!

Thanks to Doug Keene for arranging this special event, and to Steve Waltenburg, wrangler extraordinaire, for making it an enjoyable experience for all.

Many thanks to Suzanne Stull for submitting this news of the Southern California Kerry Blue Terrier Club's recent herding instinct test day! It sounds like one and all had a fabulous, fun-filled day. Keep up the good work, folks! You're an inspiration to us all.

breeds in 2001. We kept the whole litter, one boy and two girls.

The male, Ch. Bluebeard's The Answer (Allen), was #1 Kerry in the country in 2004 and 2005. He has produced some very beautiful pups. The bitches are Ch. Bluebeard's Liverpool Kiss (Renny), and Ch. Bluebeard's The Look (Taryn) who we continued on with.

Taryn was bred to Ch. Kallehan's Truth or Dare and we kept Bluebeard's Mr. Corless (PJ) CD, CGC and GCH Bluebeard's Suddenly Bridey (Bridey). Bridey became the #1 Kerry Blue in 2009 and 2010. She was the first Kerry to become a Grand Champion. We bred her to GCH Keystone's Doctor Bue - aka Doc, a son of Allen, and kept their puppies, now GCH Bluebeard's Barnum and GCH Bluebeard's Bailey (Barnum & Bailey).

For anyone who is thinking of beginning a breeding program, the only advice I can give you is to breed only when you think there is a good chance of getting something at least as good or better than you already have. Don't let a high stud fee frighten you, you would pay at least that amount for the Kerry of your Dreams.

Congratulations. . .

Cold Weather Canine Care Tips

This article is posted with the permission of the American Kennel Club.

© 2006 The American Kennel Club, Inc.

A dog's need for food, shelter and loving care increases during the cold winter months. Keep your dog safe and warm by following these guidelines.

- ◆ Dogs can get frostbite or hypothermia when temperatures drop. Don't leave your dog outside in the cold for long periods of time. Provide a covered shelter, such as a doghouse or kennel, for the times the dog is out of doors.
- ◆ When your dog is inside, keep him warm, dry and away from drafts. Tiles and uncarpeted floors may become very cold, so put down blankets or pads for him to lie on.
- ◆ Keep your dog a safe distance from supplemental heat sources such as portable heaters and fireplaces, which can cause severe burns. Place screens around fireplaces.
- ◆ Don't leave your dog alone in a car on cold days.
- ◆ Feed your dog additional calories, particularly if it spends a lot of time outdoors or if it is a working dog. The extra calories are necessary because it takes more energy in the winter to regulate body temperature.
- ◆ Provide plenty of fresh water at all times. Dogs are just as likely to get dehydrated in winter as in summer. Snow is not a good substitute for water.
- ◆ Groom your dog regularly. Your dog needs a well-groomed coat to keep properly insulated. If you have a short-haired dog, consider a sweater or coat. If your dog is long-haired, clip the hair around its paws to ease snow removal.
- ◆ Dry your dog with a towel or blow-dryer if it gets wet from rain or snow. Clean snow and ice from its paws to prevent cuts and cracked pads. A little petroleum jelly may help soften and soothe paw pads.
- ◆ Be extra careful when walking or playing with your dog near frozen lakes, rivers or ponds. Your dog could slip or jump in and be seriously injured.
- ◆ Rock salt, used to melt ice on sidewalks, can irritate paw pads. Rinse and dry your dog's feet after a walk.
- ◆ Watch out for spilled antifreeze on driveways. Antifreeze smells and tastes good to dogs, but it can be lethal.
- ◆ Dogs, like humans, seem to be more susceptible to illness in the winter. Take your dog to the veterinarian if you notice any signs of illness.

Holiday Celebrations and Your Kerry

Holiday celebrations all around the year often center on food shared with family and friends, whether it's a cook-out in the summer or a family feast at Thanksgiving or Christmas. And since our beloved pets are considered part of our family, there is great temptation to share the foods we eat with them. But use caution, since many of these rich foods can trigger serious gastrointestinal problems for a dog or cat. Foods high in fats, sugars and spices definitely aren't the usual fare for our companions, and can cause problems such as *pancreatitis*, *gastritis* or *enteritis*, requiring a trip to the vet.

The list of foods which could be harmful may be found on the USKBTC website: <http://www.uskbtc.com/about-kerries/living-with-kerries/caution-in-the-kitchen/>, but I will list a few of them here: onions, garlic, chocolate, macadamia nuts, grapes and raisins, raw salmon, avocados, and any foods that contain excessive salt or are high in fat. If you really want to share your food, vets recommend offering very small portions of lean turkey or ham.

Other hazards not to be overlooked are bones from cooked poultry, strings used to tie roasts and the holiday bird, any food that has been sitting out for more than 40 minutes at room temperature, and the garbage can! The wonderful aromas from the garbage can may be more than your Kerry companion can resist, so keep that in mind as you're cleaning up after your celebrations. Make sure trash containers are "dog proof" and secure.

One final item I will include here is the sweetener **xyli-tol**, which is often found in sugarless gum and candies. This toxin can cause liver damage, so keep that in mind when visitors arrive and stash visitor's coats and purses in a place inaccessible to pets. Better to be safe than sorry. With a little planning, one and all can enjoy a wonderful holiday celebration at any time of year and include the family pets.

Questions about possible toxicities should be directed to the National Animal Poison Control Center at the University of Illinois (1-800-548-2423) or to the ASPCA Animal Poison Control Center (1-888-426-4435).

KERRY BLUE TERRIERS: Beauty and Brains....

Permission to publish granted by Showsights magazine

When I was a young teenager in the late 1970s, my cousin and her husband had an Old English Sheepdog which they trained and showed to an AKC Companion Dog (CD) title, earning many awards at matches and trials along the way. I decided that one day I too would have a dog that I could successfully compete in obedience with, and the search for a suitable breed was on. In my junior high school library, I found a book on dog breeds that included a picture of an athletically built but very beautiful and unique-looking large terrier breed: the Kerry Blue Terrier. It was the accompanying text that clinched it for me, though; the author described the breed as

**“A canine Jack of all trades and
a master at most.”**

In 1990, I finally got my first Kerry, thus beginning my 20+ year love affair with the breed, and my successful involvement in AKC obedience and many other dog sports.

Especially when I was competing in obedience with my first Kerry back in the 90s, judges and

fellow competitors frequently commented on how surprised they were not only to see a Kerry Blue Terrier competing, but that he was actually good! I also encountered skepticism from breeders when I told them that I wanted a Kerry for obedience competition; the breeder I ended up getting my first two Kerries from even initially urged me to consider another breed. But, as I now advise people who are considering adding a Kerry or another breed to their family, the best indication of what to expect is to simply look at what the breed was historically used for. Kerry Blue Terriers were originally developed as all-purpose, working farm dogs: they were expected to guard, herd livestock, and even retrieve upland game in addition to the more traditional terrier jobs of vermin eradication, etc. In fact, the Kerry along with the closely related Soft Coated Wheaten Terrier are the only breeds in the Terrier Group that are allowed to compete in AKC herding tests and trials! So Kerries should be, and are, much like the herding and sporting breeds, very trainable and willing to please. On the terrier side, there is a tendency for high prey drive, dominance challenges, some dog-on-dog aggression, and a bit of an independent streak!

Forewarned is forearmed; early and ongoing training and socialization will produce both a family dog that is a joy to live with, and a performance dog that is willing and able to successfully compete in just about any activity you want to try with it.

In 2004, the breed's AKC parent club, United States Kerry Blue Terrier Club, created a Versatility Award in order to honor those Kerries that exemplify the breed's original purpose by earning titles in multiple categories: conformation, obedience, rally, tracking, "earthdog" (actually either the AWTA's Hunting Certificate or Barn Hunt, since Kerries are too large to compete in Earthdog trials), herding, and agility. A few years ago, an additional miscellaneous or "wild card" category was added to include activities that didn't fit neatly into the other recognized categories such as

Excellent Advanced (RAE) titlists, AKC Master Agility Champions, coursing ability titlists, a Tracking Dog (TD), and multiple herding titles. This year, several Kerries with the new Barn Hunt titles are expected to be added to the list.

My current Kerry Blue Terrier, CH MACH2 Kerigolf's Loaded For Bear UD RN MXC MJC MXF TQX CAA RATO HCT, is one of the Versatility Award program's standouts.

With eligible titles in conformation, agility, obedience, rally, coursing ability (wild card), Barn Hunt, and herding, 6 year old "Remi" became the breed's first Diamond level Versatility Award recipient at the USKBTC's annual membership meeting in October 2014.

AKC coursing ability and canine nosework. Although the Versatility Awards program does not normally recognize therapy or service dog certifications, the AKC's Therapy Dog title (THD), which requires documentation of service hours logged in addition to certification, is accepted for this category. The program currently recognizes a succession of seven different levels of achievement, from Bronze (for titles in two eligible categories) all the way up to Diamond (seven categories). To date, more than three dozen Kerries have been recognized for earning titles in two or more of these categories, with more Club members applying for their dogs' Versatility Awards each year. Recipients so far include Champions and Grand Champions, obedience Utility Dog Excellent (UDX) and Rally

And like many of the Club's other VA recipients, he did not simply earn the minimum title required for each category, but went well above and beyond in several! Remi finished his championship with back to back majors at a specialty weekend; ranked as the #5 or #6 agility Kerry for the last four years, has OTCH points and high in trial/high combined awards in obedience; and is one of the first Kerries to earn an open Barn Hunt title. This past year, Remi made breed history by qualifying for all three AKC championship events being held in Harrisburg, PA the 2014 AKC National Agility Championships, National Obedience Invitational (along with two of his littermates), and Rally National Championships! I am still planning to start therapy dog work and earn an AKC Tracking Dog

UNITED STATES KERRY BLUE TERRIER CLUB

title (TD) with him. If we are successful at the latter, the USKBTC might need to add another recognition level to the Versatility Awards! But the titles and honors are secondary to the fact that Remi is a loving, well-trained and (usually) well-behaved family member that I love doing things with, and who is welcome almost anywhere I go. At a recent agility trial, a friend of mine overheard another exhibitor comment, "Now THAT'S exactly the kind of dog that should be bred!" Made my day!

"Topper," CH MACH4 Calix Cosmo V. Topper BN RA MXC MJC MXF TQX T2B2 RATN, owned by Patti Campbell of Virginia, is another Kerry that exemplifies the breed's reputation for versatility. In addition to being one of the top-ranked agility KERRIES for the past four years and earning the honor of top Kerry Blue Terrier at both the 2013 AKC Agility Invitational in Orlando and the 2013 Montgomery All Terrier Agility Cluster in Kimberton, PA last year, Topper finished his conformation championship, owner-handled, with specialty majors, and is a very popular reading dog at the local elementary schools. Campbell has clicker-trained Topper to do a wide variety of fun "tricks," which she uses not only to keep him focused and "up" while waiting to compete, but also puts them to good use in the many photographs and videos she posts on Facebook and elsewhere, making Topper one of the breed's best-known ambassadors. With the addition

of his recently earned novice Barn Hunt title, 7 year old Topper, already a Silver-level Versatility Award recipient for previously earning titles in three categories (conformation, agility, and rally), is now eligible to join just a small handful of KERRIES so far that have earned the Gold-level VA (titles in four categories) from the USKBTC.

There are a few things I have learned from training KERRIES over the years.

First, Kerry Blue Terriers do much better when their minds and bodies are engaged, and they are included as part of the family.

Like any relationship, you will only get out owning a Kerry what you put into it. Second, they do not respond well to "drilling" (repeating the same exercise over and over again). Short, fun, and frequent training sessions, with no more than two or three repetitions of any given exercise are best. Second, the trend towards using increasingly positive training methods (as opposed to the traditional military-style training, or "jerk and praise") has really benefitted Kerry Blue Terriers along with many other breeds. In fact, I believe this is the main reason we are seeing an increasing variety of dog breeds successfully competing

KERRY BLUE TERRIERS: Beauty and Brains...

in obedience and other sports! Please note, however, that by positive training, I do not mean pure positive or correction free. Corrections, though milder and less frequent, are still used when necessary, but the emphasis is on reinforcing desired behaviors with praise, food, and play rather than correcting or punishing undesirable behaviors. For example, a moment's inattention may be corrected simply with a verbal reminder to "watch me," and only followed with a mild collar pop (on a buckle collar) if the dog doesn't respond to the verbal correction. Positive training does not mean wishy-washy; you still need to have clear expectations, and be fair, firm, and consistent in your training.

How well you do this will determine whether you end up with one hellava dog, or the Dog From Hell.

Lisa Frankland got her first Kerry Blue Terrier in 1990 and quickly got sucked into an ever-expanding involvement with training and showing dogs. To date, Frankland and her now college-age daughter have trained and competed with the family dogs in conformation, obedience, agility, junior showmanship, rally, tracking, coursing ability, and Barn Hunt. Remi is Frankland's third Kerry Blue Terrier; the present menagerie also includes a Papillon, a German Spitz "grandog" who comes home during college breaks, and a couple of cats to maintain order. She and her husband currently live in Albuquerque, New Mexico.

2014 Versatility Award Recipients

The USKBTC's Versatility Award program was started in 2004 to recognize members' Kerry Blue Terriers who exemplify the breed's reputation as "a canine jack-of-all-trades and a master at most" by earning titles in two or more of eight eligible categories including a wildcard or miscellaneous category. There are currently six achievement levels that are awarded for attaining a novice or higher-level title in two or more of seven specific areas: conformation, obedience, agility, rally, tracking, herding, and barn hunt (earth dog). "Wildcard" was added a few years ago to allow an approved title from an event that doesn't fit into any of the regular categories to be used towards one tier. AKC coursing ability, AKC Therapy Dog (THD), and canine nosework and are all examples of events that have been used for this component.

13 Kerries were presented with Versatility Award certificates and pins at this year's annual membership meeting on October 3rd, 11 of which have Barn Hunt titles. In just a couple of short years this sport has taken the dog world by storm! Although open to all breeds of dogs as well as mixes, barn hunt seems to be especially made for our Kerries and other breeds that were traditionally used to dispatch vermin.

This year's recipients are:

(titles in Conformation, Agility, Rally, Wildcard/Therapy Dog, and Barn Hunt)

Topper has already earned the Silver Tier award in conformation, agility, and rally. Over the last two years he's tried his paw in a few more activities. The one I am especially proud of is his AKC Therapy Dog Novice title. From a young age I knew Topper

(Continued on page 18)

would excel as a therapy dog. He loves people and will put the lean on anyone who will pet him. Something I always wanted to do after I retired was to volunteer with a reading therapy group. In 2011 Topper and I earned our certification through Pet Partners and found a spot at a local elementary school where first graders read all sorts of interesting things to him. It's fun to arrive at school and hear the children cry out greetings to him as if he was a superstar! During this time Topper earned his MACH5 agility title. While it's been wonderful that Topper has become the best agility partner I've ever had, I am even more proud of him for making a difference in the futures of these children by helping them develop good reading skills. Topper's other new discipline this year was Barn Hunt! I became interested in doing this as a fun activity for my older dog, but it seems that Topper excels and enjoys sniffing out rats too! He earned his RATO (open title) with a High in Trial award for finding two rats in less than one minute. Topper is one incredible dog, I am so lucky to have him in my life. I never knew when we brought this puppy with the goofy looking ears home with us that he would turn out to be such a talented dog in so many ways. Topper is beautiful inside and out, and is truly the dog of my dreams. -PC

GCH Topgun Great Balls of Fire RE HXAd HIAAd HSAd NAJ RATO,

owned by Randy & Tracy Purcell; bred by Roger and Barbara Price
(titles in Conformation, Rally, Herding, Agility, and Barn Hunt)

Herding tests and trials are traditionally limited to breeds that were developed primarily for herding. More recently, the AKC and other herding organizations started including some additional breeds that had been historically used for herding, even if this wasn't their primary purpose. Due mainly to the efforts of the Kerry Blue Terrier Club of Southern California, the USKBTC successfully petitioned to add Kerry Blue Terriers to the list of breeds that can participate in AKC herding tests and trials beginning in January of 2007—the last of the three major herding organizations to accept them. Several Kerries have earned the AKC's entry level titles, Herding Tested (HT) and Pre-Trial Tested (PT), along with AHBA's Herding Capability Tested title (HCT) and various herding instinct certifications, but none has successfully ventured into the exclusive world of herding trials...until Smokey. With multiple advanced herding titles too numerous to list here, and both high in trial and high in trial combined awards on sheep, ducks, and cattle from three different organizations (AKC, ASCA, and AHBA), Smokey has probably changed more people's perceptions of what Kerry Blue Terriers are truly capable of than any

other Versatility Award recipient. Add to Smokey's many herding accomplishments a Grand Championship, an agility title, and advanced titles in rally and Barn Hunt, and you get not just a remarkable Kerry, but a remarkable dog! -LF

EMERALD TIER (titles in six eligible disciplines) None this year

DIAMOND TIER (titles in seven eligible disciplines)

CH MACH2 Kerigolf's Loaded For Bear UD OM1 RN MXC MJB2 MXF TQX CAX RATO HCTs,

owned by Lisa & Meghan Frankland; bred by Lynn & Gary Duckett
(titles in Conformation, Agility, Obedience, Rally, Wildcard/Coursing Ability, Barn Hunt, and Herding)

With the addition of his Rally and Barn Hunt titles in the last year, Remi is the first and so far only Kerry to achieve Diamond-tier Versatility Award status (as well as Emerald-tier), though I doubt he will be the last! He continues to amaze me with his ability to successfully transition between various activities that require such different energy levels and behaviors, often on the same day. Over the course of just two weekends in October, Remi completed the Obedience Master 1 (OM1) title, which requires multiple high scores from Open B and Utility B and a correspondingly high degree of precision, consistency, and control; certified as a therapy dog, which demands an excellent temperament and calm, friendly demeanor; and became the first Kerry to earn a Coursing Ability Excellent title, where physical soundness, high prey drive, and persistence are paramount. Most importantly, though, Remi is a much-loved companion, four-legged personal trainer, and protector to me and my family. I have owned and worked with other breeds over the years, and none exhibit this incredible versatility, adaptability, and plain old common sense to the same extent as a good Kerry Blue. Kerries really can do it all! -LF

Congratulations to all these Kerries and their owners, as well as to the breeders who produced these well-rounded dogs!

A Word from Charitable Funds...

As many of you know the US Kerry Blue Charitable Fund was established in 2002. Its purpose was to serve the Kerry Blue Terrier in four important areas:

- 1) Rescue Fund** – this fund supports grants used to provide Kerry Blue Terrier rescue services.
- 2) Health and Genetics Fund** - this fund makes grants in support of research in areas of health and genetics of particular importance to the Kerry Blue Terrier.
- 3) Education Fund** – the education fund supports education of all those interested in the Kerry Blue Terrier including publications, websites, and seminars.
- 4) General Fund** – donations to this fund are used to support the work of the other funds through internal grants to those funds. Undesignated gifts will initially be held in this fund.

Since the Fund was established we have worked diligently to build the assets of the Funds while undertaking major support of the PNA Research being done at the University of Missouri. To date we have awarded over \$20,000 in grants to support Health and Genetics, Education, and Rescue. This is quite impressive, since our Fund is relatively new compared to other Parent Clubs whose equivalent organizations are often decades older than ours.

Our current objective is to continue to grow fund assets while undertaking occasional substantial support such as the PNA Grant. We believe the real key to long term growth will be planned giving that includes the Funds in the wills of our members. Other comparable organizations have used this method as the key to growing their assets. The reality is that we must grow our financial resources substantially in order to having a meaningful impact and that means it will take many years to be in a position to have a significant impact on our core areas.

You can help by considering making the Funds one of the recipients of your estate. In addition, support an area of interest today. We have grown our asset base through small gifts and that will be crucial to our future.

Feel free to contact any Board member for more information on how **you** can make a difference!

Fewer Shows, Richer Prizes Called Better for Dog Raisers

Many Events, With \$3 Entry Fees, Provide Exhibitors With Little Except Ribbons to Place Beside Heavy Expense of Maintaining Kennels

By Frank F. Dole

It seems to be the consensus among many of the dog exhibitors that we have too many dog shows, following too closely upon one another, in the same localities. It would seem that the clubs giving these shows select a day before or a day after that of a great show and naturally exhibitors will make a two-show winning record and thereby gain extra points toward their championship.

In a measure, this is all right, but in another way it is all wrong. It is the opinion of this writer that we should have fewer shows and better ones, something for the exhibitor to win besides a piece of ribbon.

This giving a show with a full classification for all breeds and charging a \$3 entrance fee for each entry, with no prize money in the regular classes at all, and just probably from \$5 to \$7

or \$10 in special prize money, is one thing that the American Kennel Club should take up.

It could well be one of the many reforms that we have been promised. It might place the sport on a fairer basis, so that the exhibitor who buys good dogs, shows them and goes to unlimited expense in doing so, would have a chance to cover a small part, at least, of his tremendous expense. Somewhere there is going to be a revision

of this dog show giving system and it is certainly needed. It cannot come too soon for the benefit of those who make dog shows really possible. One has only to study the everyday premium list of shows that are now being given to find that only once in a while are there any that are really worth while, except for the ribbons.

REGISTER OF MERIT POLICY

These simple tools can help researchers of serious canine diseases.

When your breed club members cut out and save package weight circles as Purina® Pro Club® members, and participate in the Purina® Parent Club Partnership (PPCP) Program, your club will begin to earn financial contributions from Purina and the Canine Health Foundation. You'll want to learn about all of the important details by contacting us soon. Breed clubs have already earned a total of almost \$1.2 million for their breeds' health studies, education programs and/or rescue efforts.

For complete details about how the PPCP Program works, call us toll-free at 1-800-778-3375, 9 a.m. to 4 p.m. CT, Mon.-Fri.; or e-mail us at purinappcp@purina.com. If you'd like to join Pro Club and participate in the PPCP, call toll-free 1-877-PRO-CLUB (1-877-776-2582), 7 a.m. to 5 p.m. CT, Mon.-Fri., or apply on-line at www.purinaproclub.com. Current Pro Club members can simply notify the Pro Club, by phone or e-mail, and tell them that they want to participate in the PPCP program.

"A dog doesn't care if you're rich or poor, big or small, young or old. He doesn't care if you're not smart, not popular, not a good joke teller, not the best athlete, not the best-looking person. To your dog, you are the greatest, the smartest, the nicest human being who was ever born. You are his friend and protector."

**THE UNITED STATES KERRY BLUE TERRIER CLUB
CODE OF ETHICS**

This document defines the ethical standards to which we ascribe as a condition of membership in the United States Kerry Blue Terrier Club (USKBTC). Membership is a privilege conferred by the Board of Governors, acting for the Membership, upon those individuals who meet the high standards set forth in the Club Constitution and Bylaws and this Code. As members, we are individually charged with complying with this code and demanding similar compliance of all other members. We must hold the interest of the Kerry Blue Terrier superior to our own in exercising the responsibilities that accompany the privileges of membership.

I. RESPONSIBILITIES AS A MEMBER

- Members of the USKBTC, as Stewards to the breed, have the obligation to protect and serve the best interests of the Kerry Blue Terrier at all times. A member's every action should reflect credit on themselves, the USKBTC and, above all, the Kerry Blue Terrier.
- The approved standard for the breed is the fundamental imperative guiding our actions. Members have the obligation to protect and serve these standards as a condition of membership.
- Members must be familiar with and comply with the rules of the American Kennel Club (AKC); the Constitution and By-laws of the USKBTC; and (as appropriate) the rules established by any member club of the USKBTC.
- Members will observe the highest standards of conduct and sportsmanship at all times. Whether as a breeder, exhibitor, or spectator, they shall conduct themselves in a manner that reflects positively on the Kerry Blue Terrier, dogs in general, and the sport of showing dogs.

- Members shall maintain the highest standards of health and sanitation for their own Kerry Blue Terriers, as well as for any other animals in their possession or entrusted to their care. They shall demand the same high standards of others, members and non-members alike.

II. RESPONSIBILITIES AS A BREEDER

A Breeder shall:

- Be guided at all times by the approved standard for the Kerry Blue Terrier and shall consider breeding only those specimens that conform to the standard.
- When contemplating breeding a litter or providing the services of a stud dog, strive toward maintaining breed type and producing dogs of exceptional quality, temperament, and condition. Breeding or supporting breeding to a lesser standard is not acceptable.
- Use for breeding only those dogs that are healthy and free from serious congenital and hereditary defects. Refrain from further use, any bitch or stud dog that has developed such a health problem or produced any serious inherited defects detrimental to the offspring and the overall well being of the breed.
- Not use a bitch for breeding prior to reaching eighteen (18) months of age (preferably 24 months) or older than eight (8) years of age. A bitch should not be bred more than two (2) out of three (3) consecutive heat cycles, nor produce more than five (5) litters in her lifetime. Recognizing the variations in heat cycles and sizes of litters, valid exceptions may exist, however it is incumbent on the breeder to exercise good judgment in exercising such exceptions.
- Not sell puppies to pet shops either outright or on consignment; supply puppies for auctions, raffles, or other such activities; refrain from selling to persons whose intention (either known or suspected) is to resell or use the puppy in a breeding program not complying with this code of ethics. The breeder shall ensure that the prospective buyer is prepared to provide the same degree of care required of members of the USKBTC. The Code of Ethics should be provided and discussed with potential buyers as part of a thorough screening process. All buyers should be encouraged to become members of the USKBTC and member clubs.
- Promptly apply for AKC registration of the litter. Puppies should not be sold prior to reaching ten (10) weeks of age (preferably 12 weeks). The sale of every dog shall include a signed registration or registration application (Blue Slip), and a four-generation pedigree. Any exceptions to these requirements, or valid restrictions or limitations imposed as conditions to the sale (e.g., no breeding) must be agreed to in writing by both parties at the time of sale. It is strongly recommended that a written agreement accompany all sales. Buyers should be provided with assistance and support in the setting of ears and in learning proper grooming. If the buyer is not located in the same area, the breeder should make arrangements with another USKBTC member in that area to assist the new owner.
- Provide with each sale, a record of dated and types of immunization given, immunizations required, and veterinary health records. Instructions should be provided, preferably in writing, on diseases and hereditary factors related to the breed, proper medical care, feeding, and grooming. Providing a copy of the current USKBTC Handbook represents a means of conveying this type of information, and is a sound investment on the part of the breeder. No puppy should be sold without either temporary or permanent protection against distemper-hepatitis and parvo. Puppies should have a veterinary examination, and worming if required, before sale.
- Maintain accurate and complete records of stock, matings, pedigrees, show records, and transfers. Breeders are responsible for conducting research on their pedigrees to ensure correct ancestry, accurate spelling of names and correct registration numbers. Breeders should be familiar with and comply with all record keeping requirements required by the AKC. Litter registration applications must be correct and promptly requested. Individual puppy registration should be completed in a timely manner.
- Shall not engage in false or misleading advertising or other misrepresentations with respect to their own breeding. They shall not malign others by making false or misleading statements regarding another member's dogs, breeding practices, or person. Advertising should not be worded to attract undesirable buyers nor encourage raising dogs for profit.
- Consider the growing problems related to excess dogs ending up in animal shelters and should exercise sound judgment and prudent restraint in their breeding programs. Litters should be limited to numbers that are consistent with achieving a sound breeding program and the best interests of the Kerry Blue Terrier.
- Be prepared to assume lifetime responsibility for any litter produced.

III. RESPONSIBILITIES AS AN EXHIBITOR OR HANDLER

- Act professionally at all times in caring for and exhibiting any dog in your charge.
- Do not engage in any questionable contact with judges prior to exhibiting under them.
- Comply with AKC Rules and Regulations for Dog Shows, Obedience Trials, Field Trials, and The Guidelines for Dog Show Judges.
- Exhibit or handle only those dogs that conform as closely as possible to the approved standard.
- Do not indulge in the practice of making "kennel majors", or exhibiting filler dogs that they know themselves to be unworthy of championships, for the purpose of finishing dogs. Such practices lessen the meaning and value of a championship and do not serve the breed.

IV. ENFORCEMENT

- The USKBTC expects adherence to this Code of Ethics and blatant disregard of these standards will not be condoned. Violations of the standards are not in the best interests of the Club or the breed. Such behavior can serve as a cause of imposing discipline or terminating membership if charges are brought before the Board of Governors in accordance with the procedures as defined in Article VI (Discipline) of the USKBTC Constitution and Bylaws.
- Article VI addresses the specific procedures for proffering charges; the hearing process; and the rights of the parties involved. Each member is expected to be fully familiar with this very important provision of the By-laws.
