PREFACE

It has been said with increasing frequency that the present day Kerry enthusiast feels the need for a reference book of the breed's champions and their breeding. This book is intended to supply this need, but regrettably, it has been impossible to obtain a photograph in a few cases.

It must also be remembered that some of the early pedigrees were of doubtful authenticity and that, with the number of Ross, Farney and Neill, it is quite impossible to know whether all were different animals or whether some were the same. If it were possible to be certain on this point, the number of families might be reduced, but it does not seem justifiable to assume a common origin without more proof.

The record has been compiled in two parts, the first covering the years from 1922 (when the Kerry was first recognised and shown in England) up to the outbreak of war in 1939. This period represents the birth, development and consolidation of the breed as a show dog in Great Britain. The second part, from 1942 up to the present day, shows the increasing improvement of the champion breed during this period; this is due in no small measure to the efforts and grandwork of the earlier breeders, a very few of whom are still active in the breed today. In this record, the reader will be able to trace the lasting influence of certain pre-war dogs and bitches on their present day descendants. Of equal interest to the serious breeder is the rise and fall in importance of the various lines and families. Reference is made to the lines and families section by letter and number references at the head of each pedigree; the date of birth, breeder and any subsequent owner are also listed.

As, no doubt, those who have the various handbooks of the K.B.T.C. of England are aware, the lines trace the direct male descent, ignoring for this purpose the female or middle of the pedigree. This system, known as the Bruce Lowe and originally applied to racehorses, was first worked out by the late Rev. Dr. Roslyn Bruce on Smooth Fox Terriers and has since been used for several other breeds.

Needless to say, a tremendous amount of research and delving into old pedigrees has been involved and the writer owes a deep debt of gratitude to the late Mrs. Barlow, the late Miss H. K. Henry and to Miss Baynes for their help and interest, without which it is doubtful if the task would ever have been completed. Facts and names have been checked, re-checked and checked again and it is therefore hoped that errors are minimal.

Finally, acknowledgements are due to all who have lent photographs and particularly to Miss A. Rottin-Williams and Thorne, Mrs. Burrow (Falls), T. Swift and "Mony" for permission to use photographs for which they held copyright, and grateful thanks to all whom I have been unable to name for their kind co-operation.

ROWNHAMS KERRY BLUES

The text of this book gives details of the many champions bred here since the prefix was granted in 1953.

The foundation bitch was EISDHU ETHNE, whose daughter ROWNHAMS PETITA bred top winners in every litter besides Ch. UNDERBRIDGE ROWNHAMS ZELL (9 CCs before going to Holland) and Ch. ROWNHAMS RENKA of ROUNDWAY (8 CCs). She bred Con. int. Ch. UNDERBRIDGE ROWNHAMS BANDIT (top sire in Scandinavia for some years) and Swedish Ch. ROWNHAMS MYRTLE of ROUNDWAY (dam of U.S. Ch. ROUNDWAY BRYONY) as well as ROWNHAMS ELITE OF ROUNDWAY (2 Res CCs before going to Canada) and ROWNHAMS PILGRIM (winner of several Res CCs and sire of Ch. BENATE FESTIVAL OF KERRY and Irish Ch. ROWNHAMS COLUMBUS OF HALLIBLU).

Chs ROWNHAMS ARTIST and ROWNHAMS CZAJINA three times won the double in CCs.

Ch. ROWNHAMS ROCKAPELLA (now in Canada) continues winning there and has left a number of promising youngsters in England.

All the immates of this kennel, which include the top young bitches ACQUAMARINE, SONATA and KENNICK KITTY O'SHEA of ROWNHAMS go back to the foundation bitch.

PUPPIES and YOUNG STOCK usually for HOME or EXPORT sales.

Lastest Winning export is U.S. Ch. ROWNHAMS QUEST

CAPPOQUIN kennels

CAPPOQUIN DOWNSVIEW DOUBLE CLOVER

We had our first Kerry in 1967 and only keep a few dogs at any one time, aiming for quality, not quantity. All dogs have individual attention, can run free over three acres and have the best we can give them. CLOVER, who is ex Ch. Downview Double Gem, has now over 200 awards including Ses. CC., many Best Terrier and Best of Breed, and four BEST IN SHOW. Her daughter, CAPPOQUIN ZENA (owned by Mrs. Franklin), by Ch. Underbridge Uplift, will be shown and bred from in 1972.

DOWNSVIEW DOUBLE BLUEPRINT, also ex GEM, has started his show career and was Best Dog Puppy at the K.B.T.A. show. He is AT STUD.

Puppies are sometimes available. Visitors and enquiries are always welcome.
